**King County
District Court**

GIVE BACK TO YOUR COMMUNITY & MAKE SOME NEW FRIENDS!

King County District Court and the City of Shoreline are launching Community Court in Shoreline in December 2019. Community court is an alternative problem-solving court. It differs from traditional court in that it seeks to identify and address the underlying challenges of court participants that may contribute to further criminal activity. Its goal is to build stronger and safer neighborhoods and reduce recidivism.

A **community resource center** is an integral component of community court. The resource center includes on-site community partners that provide a wide array of services, such as healthcare/insurance, education, job training, behavioral health, substance use disorder help and more.
