Introduction

The Image/Upgrade Overview Document is intended to provide ctcLink users with a summary of the changes that will be made in the system as a result of the HCX upgrade implementation. HighPoint releases multiple HCX updates for the CS pillar every year. Each update contains bug fixes and features that are important for HCX Mobile to work well and bring user experience and accessibility improvements forward.

Class Search Results for Classes with Multiple Meeting Patterns

The student view of search results for classes with multiple meeting patterns is updated. The expanded class details will now display a Multiple Meeting Pattern grid with information for each pattern.

Updated Format of Grades in the Degree Progress View

The formatting of grades in the Degree Progress page have been updated. Previously the grade was displayed with a red border and fill followed by the word "Graded". Now the grade is preceded by the word "Graded:" and is not highlighted in red.

Updated Label for Term Units in Grades Display

On the Grades page, previously the Term Information displayed "Term Units Passed". This number only includes term units passed that will factor into the student's GPA. Now the label describes this accurately by stating "Term Units Passed for GPA".
