

Hello Everyone,

We hope this message finds you all in good health and happy spirits! This message contains important updates to note down, consider, and discuss.

- 1098T (& 1099/W2) Season
 - It is officially (*mostly*) behind us and ***golly gee will-a-kers***...it has been one heck of a lift. The SF State Board team is happy with the results and can report just 97,703 statements sent to be printed & mailed out, the remaining may all be viewed via ctclink. In July, we will send out the first note on the 2022 1098T season, which will include overall updates & training dates – *please be on the lookout*.
 - Similar to this year, we will have full training session opportunities for the newest “family” members (DG6.) However, we will also have a 1098T review session for the rest of our wonderful ctclink family. Until then, please feel free to watch [Tamara’s 2021 Missing SSN & 1098T Processing work sessions](#) available in Canvas.
 - FIRE ACCOUNT – The deadline to upload 1098T statements to the IRS is the end of March. The State Board Accounting crew created a document on this and it has been loaded to the reference center at [9.2 1098T FAQs for ctclink](#)
- [SF Workshops](#) – We have two workshops scheduled and are looking for a volunteer to present on June 23rd. We only ask that the topic be one that a majority of the SF Team in WA State would be interested in, be less than 2 hours, and be related to ctclink SF Processing. Expect official invites for the work sessions to be sent out shortly.
 - 2/11/2022 – Item Type Roundtable & Waiver Update
 - 4/8/2022 – Intro to Collections...time to start it up!
 - 6/23/2022 – Open SF Topic date (Please reach out to our [SF DL](#) if interested)
- **Post Student Transactions** - If financial aid or tuition waivers are posted using the Post Student Transactions Page, it will result in reporting and processing problems (which may be very difficult to correct.)
 - *Please* do not use the Post Student Transactions page for adding or adjusting financial aid or tuition waiver item types to student accounts. Those item types are designed to be awarded/disbursed from specific ctclink pages, not the Student Financials Post Student Transaction page. As always, if you find yourself in a bind and need our help, we are just a ticket away from assisting.

Feel free to please reach out with any questions, comments, concerns, or clean jokes!

When is a joke a dad joke?

When it’s apparent...

Thank you,

-Your SF Team
