

Instructors: Find Teaching Excellence

Faculty and staff enjoy all the same services as students plus additional services by request. See our website for more details. Here is a small taste of what you will find:

Research Skills & Instruction

Expert librarians guide your students to essential resources in your subject area. Library Instruction Lab #103 is a Smart classroom designed for group instruction. From database search strategies to evaluating resources to avoiding plagiarism, librarians tailor their sessions to your students' needs—just ask.

Course Reserves

The Course Reserves collection provides items for specific courses. It can come in handy by providing textbooks to support the student whose financial aid is late; a DVD absent students must watch to complete a class assignment; an extra credit resource that 30+ students will fight over at the end of the term: these items are perfect for the Course Reserves collection. Fill out a form, drop the item off, and forget until finals. Simplicity itself.

Video Bookings

Anyone can request videos, but only instructors can schedule them in advance. Don't rely on a video being available when you need it—book it with our online form. With a week's notice, we will even deliver it to your mailbox.

Hours vary during holidays, finals week
and quarter breaks.

Outside return boxes are always open!
