**Date of intended adoption:** September 8, 2017

(Note: This is **NOT** the **effective** date)

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** The purpose of these proposed rules is to implement section 3 of E2SHB 1546 (2015), which authorizes the Superintendent of Public Instruction to adopt rules administering Washington’s College in the High School program. The rules were jointly developed by the Office of Superintendent of Public Instruction, the State Board of Community and Technical Colleges, the Student Achievement Council, and public baccalaureate institutions. The Association of Washington School Principals and Council of Presidents was consulted during the rules development.

Working with these agencies, including the Council of Presidents representing the public baccalaureate institutions, OSPI convened a workgroup that reviewed and jointly developed rules that, among other things, would remove OSPI from its current role overseeing the high school standards report review committee and provide for co-delivery of College in the High School courses with other dual credit programs.

**Reasons supporting proposal:** The workgroup members anticipate that these proposed rules will provide clarity to school districts regarding how to enroll students and transcribe courses that incorporate more than one dual credit option.

**Statutory authority for adoption:** 28A.600.290

**Statute being implemented:**

**Is rule necessary because of a:**

- Federal Law?  Yes  No
  - Federal Court Decision?  Yes  No
