

# Pricing Proposal

EVERFI's pricing is a subscription-based model and utilizes an institution's full-time enrollment. The license provides unlimited usage during the term of the agreement.

The Faculty and Staff Catalog can be found on **Page 3**.

Additionally, EVERFI offers an array of additional student courses, which cover alcohol and other drug misuse, mental well-being, and diversity and inclusion. If institutions are interested in purchasing additional student courses, please have them contact the EVERFI team.

EVERFI expects the evaluation committee to provide questions and feedback based on the proposed packages. Please direct feedback and correspondence to Jayme Katis, Senior Account Manager, [jkatis@everfi.com](mailto:jkatis@everfi.com), (207) 604-9066.
