9	СРТС	Every Friday we close all student services at noon. During the worst of the FAFSA debacle we closed FA twice a week for processing time but they are open now.	This allows for some time for training, staff meetings, catch up on phone calls/emails, etc
10	The Centralia College (AKA Blazer Nation, AKA the oldest CC in continuous operation in WA)	Our entire college hours of operation is from 8:00 am - 5:00 pm Monday-Thursday and 8-noon on Friday. This change was requested by Financial Aid and Enrollment services for their offices only but we implemented it for all of campus	We closed at noon on Friday so that high volume offices on campus can have 4 hours a week (Friday afternoon) to conduct work without interruptions. Also, we have a strategic goal of "becoming an employer of choice". This change allowed employees to work 4 ten-hour days mon-fri, 4 nine-hour days mon-thurs and 4 hours on friday, or a standard 5-day 8-hour week based on office needs. Staff LOVE the flexibility. It is working well and has increased efficiencies.
11	Highline College	Yes, Financial Aid "closes" two days of the week. They do not provide open door services to students on those days. The entire Student Services Division closes early on Fridays (at 2:00), so that staff can catch up on work assignments and so that departments have dedicated time to meet.	Staff need time to meet, engage in professional development, problem solve complex issues that might transcend departments or divisions.

12	Renton Technical College	On Friday's we open a 9am to allow for department meetings and we close at 1pm. Once a month, we open at 9:30 on Friday to allow for a virtual division meeting. Beginning this AY, we close once per quarter on a Friday for an in-person division meeting, followed by departmental professional development/training.	See above :) We've also supported intermittent closures in FA to support their processing needs. This is something we assess in real time and then make adjustments to accommodate. Generally speaking, our SS hours are: Switchboard, 7:30am - 5pm; virtual hours, 8am - 5pm; Inperson hours, 9am - 5pm. We have an Evening Hours workgroup currently assessing student and staff needs for those who teach and learn in the evenings.
