Middle Schools Served: 1

REFERENCES AND ACKNOWLEDGEMENTS

Student stories were submitted by TRIO programs to the Washington State TRIO Association (WSTA). TRIO programs, their funding amounts, and program information were gathered from the US Department of Education website and research studies. Comparison data was gathered from the Washington State OSPI and the National Center for Education Statistics (NCES). Any questions about the data can be directed to president@washingontrio.org.

A special thanks to Lily Mentzer, Washington State TRIO Association (WSTA) Government Relations Chair for her leadership, Tony Holm for his assistance with collecting student stories, as well as data analysis, and organization, and to Bradley Smith for volunteering his time to design this factbook.
