HB 1760	Expanding funding and eligibility for dual credit	Support w/concerns	Expands low income eligibility by using WA College Grant guidelines instead of Free or Reduced Price Lunch status. Covers up to \$42.50 in per credit fees for CiHS students that qualify for a low income waiver. OSPI would transmit up to \$1000 per full time RS student to college to cover fees and textbooks. Expand RS summer pilot to three more colleges with a total of 6 colleges. Some concerns to ensure colleges are not left with the cost and to ensure there isn't a workload issue to incorporate WCG guidelines.

HB 1835	Funds marketing and outreach to increase FAFSA/WASFA filing; expands WCG eligibility to some public assistance recipients	Support	Significant overlap with SBCTC Decision Package to expand Aim Higher Washington Train-the-Trainer initiative, including funding for CBOs. SHB 1840 removed the broader diversity and equity task force and creates a new task force focused on financial resources, community outreach, and barriers to accessing funds for underrepresented communities.
SB 5719	Expanding funding for dual credit	Support w/concerns	CiHS programs would only be able to charge a maximum fee of \$35 per credit and will reimbursed by the state for all students participating in CiHS - resulting in no fees charged to students.
